

New Directions in Leukaemia Research Meeting

Abstract Guidelines and Submission Terms and Conditions

The New Directions in Leukaemia Research Meeting (NDLR), **7 – 9 March 2022** at Brisbane Convention and Exhibition Centre, provides the forum to showcase emerging paradigms and breakthroughs at the forefront of Leukaemia research and treatment, from the molecular basis of Leukaemia to new therapies emerging in the clinic.

Presentation Formats

When completing an abstract submission form, you may indicate your preferred presentation format by selecting 'oral', 'poster' or 'either'. Your preferred presentation format will be considered but not guaranteed. The NDLR Program Review Committee will assess all abstract submissions and allocate the presentation format deemed most suited to the topic and Program.

Oral Presentations

Oral Presentations will take place from 7 – 9 March 2022 during Meeting sessions with the appropriate research theme. The presentation format and duration will vary, and guidelines will be made available to successful authors at a later date.

Poster Presentations

Some abstract authors selected for poster presentation may be asked to participate in a Poster Preview session, providing a two-minute oral summary of their poster.

Critical Dates

- The submitting author will be notified of the outcome of the review by 7 December 2021.

Abstract Review, Evaluation and Selection Process

Abstract Review

All submitted abstracts will go through a review process carried out by the Program Review Committee. Each abstract will be assessed by three reviewers at a minimum.

Abstract Selection

The Program Review Committee makes the final selection of abstracts to be included in the NDLR Program. Only the submitting author will receive communication concerning the abstract and is responsible for informing all co-authors of the status of the abstract.

Authors whose abstracts have been accepted will receive additional guidance relating to their presentation from the Program Review Committee.
